What is the Pro-Tec System 1?

The PRO-TEC System One is designed to monitor and protect the trailer and it's contents using a built in accelerometer and door pins. Any movement of the trailer or the opening of a door will trigger the alarm, causing the electrical brakes to be applied, exterior siren to be sounded, and trailer running lights to flash, hindering movement and alerting anyone nearby. PRO TEC is proud to be the only alarm company that backs their equipment with a 5 Year warranty.

Feature Includes:

- 5 Year Warranty
- Optional Cellular/Paging (May save on insurance premiums)
- All Hardware Included
- Easy Installation Guide
- Peace and Security
